Internship Opportunity with Katimavik and Santropol Roulant!

Urban Agriculture Communications Internship

About Santropol Roulant

Santropol Roulant uses food as a vehicle to break social isolation between generations. Creatively and collaboratively, we strengthen and nourish our local community with our novel approaches to active community engagement, youth leadership, food security and social inclusion.

About the Urban Agriculture Program

We aim to build a food system that is healthy, just, and sustainable. As such, our urban agriculture projects are designed to support local and organic agriculture, while assuring that such foods remain accessible to all regardless of socio-economic status, level of mobility, or degree of autonomy. We have [two urban agriculture sites](#): one located on McGill campus and the other on the rooftop of our building on Roy street. These gardens provide fresh, local and organic vegetables for our meals-on-wheels service and our weekly organic baskets.

About the position

Santropol Roulant will be hosting one of [Katimavik's Eco-Interns](#) with a mandate of developing **communications material** and a **communications strategy** for the Urban Agriculture program. The intern will be supported by one of the co-managers of the Urban Agriculture program. The goal of the internship will be to build awareness in the wider community about the role of urban agriculture in food security and ecological sustainability.

Qualifications:

- Passionate about urban agriculture
- Ability to work independently and take initiative
- Strong communication skills (written and oral) in French and English
- Some experience with design software (eg. inDesign)

Skill development Santropol Roulant is offering:

- Experience working in a not-for-profit organization
- Working in a bilingual environment
- Communication and leadership skills
- Experience working in an organization committed to sustainable development
